1. About LUSSC Eco Fest 2026

> **SNAPSHOT** *A national event by LUSSC combining knowledge, innovation, and sustainability: General Knowledge Competition, Poster Presentation, and Eco-Friendly Stalls, under one green, SDG-aligned identity.*

LUSSC Eco Fest 2026 is a flagship initiative by the Leading University Social Services Club, bringing together students from High School, College, and University for a day of competition, creativity, and impact. Centered around the United Nations Sustainable Development Goals (SDGs), environment, and climate action, Eco Fest 2026 is designed to let a wide range of students shine, from the knowledgeable quiz mind to the researcher and visual communicator.

The event is presented by Banglay IELTS & Immigration Center and co-powered by Pizza Hub Signature.

- **General Knowledge Competition:** an MCQ-only exam testing knowledge across SDGs, environment, Bangladesh affairs, science, mathematics, sports, and more.
- **Poster Presentation: Ideas, Research & Innovation:** students bring a project, idea, or research piece on sustainability, environment, or climate action to life on a poster and defend it live before a judging panel.
- **Eco-Friendly Stalls:** featuring eco-friendly products and books, open to all attendees on the event day.
- Date: 03 October 2026
- Venue: Leading University

This guide book explains, in full, what each track offers, how to register, the syllabus and format for the General Knowledge Competition, and the rules of the Poster Presentation, so that every participant knows exactly what to expect.

2. Participation Benefits

Every participant in LUSSC Eco Fest 2026, across both tracks, is offered the following:

- **Certificate of Participation:** awarded to every entrant in both the General Knowledge Competition and the Poster Presentation, regardless of result.
- **Champion, 1st Runner-Up, and 2nd Runner-Up recognition:** awarded separately per level, so participants only compete within their own level.
- **Event Kit:** every participant receives a kit with exciting gift items on the event day.
- **A fair, level-appropriate format:** syllabus and depth scaled to each level, so High School students are not tested to the same depth as College or University students, and vice versa.
- **Skill development:** knowledge, recall, and analytical thinking through the General Knowledge Competition, and research, design, and public speaking through the Poster Presentation.
- **Networking opportunities:** participants meet peers from other schools, colleges, and universities across Sylhet.

- **Free transportation:** a dedicated university bus arranged for commute to and from the venue on the day of the event.
- **Access to Eco-Friendly Stalls:** sustainable products and books to browse on the event day, open to all attendees.

3. Track 1: General Knowledge Competition

> **SNAPSHOT** *MCQ-only exam, no written section. Negative marking. All three levels, 70 questions, 70 marks, 1 hour flat. Individual participation.*

3.1 Format and Marking Scheme

Level	Duration	MCQs	Max Marks	Negative Marking
High School	1 Hour	70	70	0.25 per wrong answer
College	1 Hour	70	70	0.25 per wrong answer
University	1 Hour	70	70	0.25 per wrong answer

All three levels sit the same 70-question, 70-mark paper within the same one-hour window. Levels are judged only against their own level, never against one another. Negative marking of 0.25 applies per wrong answer, equivalent to 4 wrong answers cancelling 1 correct one. Unattempted questions are not penalized.

3.2 Syllabus by Level

The same core subject areas run across all levels, with the number of topics narrowing for lower levels and the depth of each topic scaling to the appropriate academic level.

HIGH SCHOOL, 6 TOPICS

- SDGs and Sustainable Development
- Environment and Climate
- Bangladesh Affairs and History
- Science and Technology
- Mathematics and Analytical Logic
- Sports

COLLEGE, 7 TOPICS

- SDGs and Sustainable Development
- Environment and Climate
- Bangladesh Affairs and History, including Government Structure
- International Affairs
- Science and Technology
- Mathematics and Analytical Logic
- Sports

UNIVERSITY, 8 TOPICS

- SDGs and Sustainable Development
- Environment and Climate
- Bangladesh Affairs and History, including Constitution and Governance
- International Affairs
- Literature
- Science and Technology
- Mathematics and Analytical Logic
- Sports

3.3 Rules and Conduct

1. Participation is individual. Each student sits the exam independently.
2. Candidates should report to the venue at least 20 minutes before the exam start time.
3. Valid student identification must be presented for verification before the exam.
4. Mobile phones and electronic devices are not permitted inside the exam hall.
5. Each question has a single correct answer; multiple markings on one question will be treated as incorrect.
6. Scripts are marked manually against the official answer key, with an independent recount before results are finalized.
7. Candidate identities remain anonymized to the marking team throughout the grading process.
8. In the event of a tie for a podium position within a level, the tie is broken by a short, sudden-death Viva Round among the tied candidates, conducted in front of the adjudicating panel.
9. Decisions of the judges and organizing committee on all matters relating to the competition are final.

3.4 Registration and Fee

Level	Registration Fee
High School	BDT 99
College	BDT 149
University	BDT 149

Registration is completed online through the General Knowledge Competition form (link provided in Section 6), followed by payment of the applicable fee via bKash or Nagad, and submission of the transaction ID on the form.

3.5 Recognition

- Certificate of Participation for every student who sits the exam.
- Champion, 1st Runner-Up, and 2nd Runner-Up recognized separately per level.

4. Track 2: Poster Presentation, Ideas, Research & Innovation

> **SNAPSHOT** *Project, idea, or research poster on an SDG, environment, or climate theme. Live 10-minute defense. College and University levels. Individual or team of up to 3.*

4.1 Format and Eligibility

- A submission may take the form of a project, an idea or proposal, or a research piece, all centered on the Sustainable Development Goals, the environment, or climate action.
- Participants bring their own printed poster on the event day; no pre-submission is required.
- Suggested poster size: A1, portrait orientation.
- Each presenter or team receives a scheduled 10-minute defense slot in front of the judging panel: 5 minutes presenting, 5 minutes fielding questions.
- Open to College and University students only, participating individually or in teams of up to 3 members from the same institution.

4.2 Judging Rubric (100 Marks)

Judging Criteria	Marks
Content Quality and Depth	30
Relevance to SDG, Environment, or Climate	20
Visual Design and Clarity	20
Innovation and Originality	15
Oral Defense and Q&A Handling	15
Total	100

Content Quality and Depth is assessed relative to submission type: depth of execution for a project, depth of problem analysis and feasibility for an idea, and depth of data or analytical rigor for a research piece. A minimum of 2 to 3 judges score each session, and scores are averaged. Ties are resolved using the Oral Defense and Q&A score alone.

4.3 Registration and Fee

Team Size	Registration Fee
1 Member	BDT 199
2 Members	BDT 350
3 Members	BDT 500

Registration is completed online through the Poster Presentation form (link provided in Section 6), followed by payment of the applicable fee via bKash or Nagad, and submission of the transaction ID on the form.

4.4 Recognition

- Champion, 1st Runner-Up, and 2nd Runner-Up recognized per level.
- Best Visual Design award.

5. Event Day Information

- Date: 03 October 2026
- Venue: Leading University
- Transportation: dedicated university bus transportation will be arranged for commute to and from the venue on the day of the event.
- Eco-Friendly Stalls featuring sustainable products and books will be open throughout the event day.
